

TABLE OF CONTENTS

Unit 1: Foundations of Banking & Financial Systems	01-21
1.1 Evolution of banking systems	
1.2 Structure of Indian & global banking	
1.3 Role of Reserve Bank of India	
1.4 Financial intermediation & risk exposure	
1.5 Digital banking ecosystem	
1.6 Banking Regulations and Compliance Framework	
1.7 Financial Stability & Systemic Risk in Banking Systems	
1.8 Evolution of Banking Regulations and Fraud Control Frameworks	
Unit 2: Introduction to Financial Fraud	22-37
2.1 Types of Financial Fraud	
2.2 Causes and Drivers of Financial Fraud	
2.3 Impact of Financial Fraud on Banking and Economy	
2.4 Fraud Lifecycle and Detection Process	
2.5 Fraud Risk Management Framework	
2.6 Fraud Prevention Strategies in Banking	
Unit 3: Cybersecurity in Banking Systems	38-57
3.1 Network security fundamentals	
3.2 Encryption & cryptography	
3.3 Secure payment systems (UPI, NEFT, RTGS)	
3.4 Vulnerabilities in core banking systems	
3.5 Ethical hacking basics	
3.6 Cyber Threats in Banking Systems	
3.7 Security Architecture of Modern Banking Systems	
3.8 Secure API & Core Banking Integration	
Unit 4: Fraud Detection using AI & Data Analytics	58-70
4.1 Machine learning for fraud detection	
4.2 Anomaly detection techniques	
4.3 Credit risk & transaction monitoring models	
4.4 Behavioral biometrics	
4.5 Fraud Detection System Architecture in Banking	
4.6 Real-Time Fraud Monitoring Systems	

Unit 5: Blockchain & Fraud Prevention	71-88
5.1 Basics of blockchain technology	
5.2 Smart contracts in banking	
5.3 Fraud-resistant transaction systems	
5.4 Cryptocurrencies & associated risks	
5.5 Regulatory Challenges & Compliance in Blockchain and Cryptocurrencies	
5.6 Central Bank Digital Currency (CBDC) & Future of Blockchain in Banking	
5.7 Blockchain Integration in Banking Infrastructure	
5.8 Future of Blockchain in Fraud-Proof Banking Systems	
Unit 6: Digital Payments & Fraud Risks	89-105
6.1 UPI fraud, phishing, OTP scams	
6.2 Mobile banking vulnerabilities	
6.3 Payment gateway security	
6.4 Fraud in e-wallets & fintech apps	
6.5 Fraud Detection & Prevention Strategies in Digital Payment Systems	
6.6 FinTech Fraud Risks & Emerging Threat Landscape	
6.7 Regulatory Compliance in Digital Payments & FinTech Ecosystem	
6.8 Future Trends in Digital Payments & Fraud-Resistant Ecosystems	
Unit 7: Risk Management & Compliance	106-123
7.1 Basel norms (risk frameworks)	
7.2 AML (Anti-Money Laundering)	
7.3 KYC (Know Your Customer)	
7.4 Regulatory compliance systems	
7.5 Fraud risk governance	
7.6 Risk Assessment & Stress Testing in Banking Systems	
7.7 Enterprise Risk Management (ERM) in Banking Systems	
7.8 Enterprise Risk Management (ERM) in Banking Systems	
7.9 Future of Risk Management & RegTech in Banking Systems	
Unit 8: Incident Response & Digital Forensics	124-138
8.1 Fraud investigation techniques	
8.2 Evidence collection & chain of custody	
8.3 Cyber forensics tools	
8.4 Reporting to authorities	
8.5 Post-Incident Response & System Recovery	
8.6 Continuous Monitoring & Improvement in Fraud-Resistant Banking Systems
