

TABLE OF CONTENTS

| | |
|--|---------------|
| Chapter 1: Foundations of Mortgage Intelligence | 01-20 |
| 1.1 Evolution of Mortgage Systems and Financial Markets | |
| 1.2 Role of Data in Modern Mortgage Ecosystems | |
| 1.3 Introduction to AI in Mortgage and Lending | |
| 1.4 Key Stakeholders: Borrowers, Lenders, Regulators | |
| 1.5 Challenges in Traditional Mortgage Risk Management | |
| Chapter 2: Data Infrastructure for Mortgage Analytics | 21-45 |
| 2.1 Sources of Mortgage Data (Credit, Property, Behavioral) | |
| 2.2 Data Integration and Warehousing Architectures | |
| 2.3 Data Quality, Governance, and Compliance Standards | |
| 2.4 Real-Time vs Batch Data Processing in Lending | |
| 2.5 Cloud Platforms and Scalable Data Pipelines | |
| Chapter 3: AI and Machine Learning in Mortgage Systems | 46-66 |
| 3.1 Supervised and Unsupervised Learning Techniques | |
| 3.2 Feature Engineering for Mortgage Risk Models | |
| 3.3 Model Training, Validation, and Performance Metrics | |
| 3.4 Explainable AI (XAI) in Lending Decisions | |
| 3.5 Bias Detection and Ethical AI Practices | |
| Chapter 4: Predictive Modeling for Mortgage Risk | 67-92 |
| 4.1 Credit Risk and Default Prediction Models | |
| 4.2 Prepayment and Refinancing Behavior Modeling | |
| 4.3 Fraud Detection Using Machine Learning | |
| 4.4 Stress Testing and Scenario Analysis | |
| 4.5 Macroeconomic Indicators and Market Impact | |
| Chapter 5: Intelligent Decision Systems in Mortgage Lending | 93-111 |
| 5.1 Automated Underwriting Systems | |
| 5.2 AI-Driven Loan Approval and Pricing Models | |
| 5.3 Decision Engines and Rule-Based Systems | |
| 5.4 Real-Time Risk Monitoring and Alerts | |
| 5.5 Integration with Core Banking and Financial Systems | |

| | |
|---|----------------|
| Chapter 6: Regulatory Compliance and Risk Governance | 112-129 |
| 6.1 Overview of U.S. Mortgage Regulations (Dodd-Frank, CFPB) | |
| 6.2 Fair Lending and Anti-Discrimination Laws | |
| 6.3 Model Risk Management (MRM) Frameworks | |
| 6.4 Auditability, Transparency, and Reporting | |
| 6.5 Data Privacy and Security in Mortgage Systems | |
| Chapter 7: Customer-Centric Mortgage Intelligence | 130-148 |
| 7.1 Personalized Mortgage Products and Recommendations | |
| 7.2 AI Chatbots and Virtual Assistants in Lending | |
| 7.3 Customer Behavior Analytics and Engagement | |
| 7.4 Financial Literacy and Advisory Systems | |
| 7.5 Improving Customer Trust Through Transparency | |
| Chapter 8: Future of Mortgage Intelligence and Financial Stability | 149-168 |
| 8.1 Role of Generative AI in Mortgage Services | |
| 8.2 Blockchain and Smart Contracts in Lending | |
| 8.3 Autonomous Mortgage Systems and Decisioning | |
| 8.4 Climate Risk and Sustainable Lending Models | |
| 8.5 Building Resilient and Inclusive Financial Markets | |
